MEASLES symptoms

Measles

Worried about measles? Stay at home and call your doctor or Healthline (0800 611 116) for advice. Healthline has interpreters – when your call is answered, say you'd like an interpreter and the language you'd like to speak in.

Support for Principals

The teachers and support staff of Beach Haven Primary are joining with their colleagues all over the country on 9th August to call on the government to give primary and intermediate principals a fair deal. We need your support as we stand up for our principal, and all principals.

Teachers recently won pay parity with their secondary colleagues, because a teacher is a teacher, regardless of the age of their students. But the government refused to give primary and intermediate principals parity with principals of comparably sized secondary schools, or any support for growing workloads. In small schools, principals are doing a complex job but often without any extra support, and while teaching as well. And these principals are often paid less than some teachers in large schools.

We're calling on the Government to do the right thing by principals. It's only fair.

On the 9th August, we'll be **wearing green**. Please come out and support the principals of Aotearoa, who do such a vital job leading the teaching and learning in our schools.

Goodies this week...

Parks Management

"Kaipātiki Local Board is preparing a local parks management plan to help it with the future management of local parks and reserves. The Kaipātiki Local Parks Management Plan will reflect what residents' value about their parks now, and how they use them. It will also identify issues that should be considered as parks are managed and developed in the future, to make sure they meet the needs of future generations.

Please visit

to tell us what you love about parks now, and how you'd like to use them in the future."
